# Linear

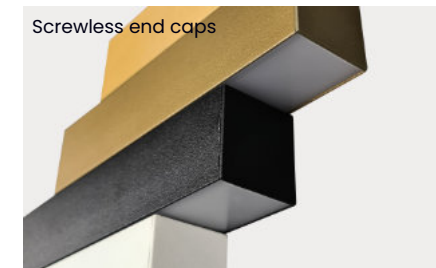

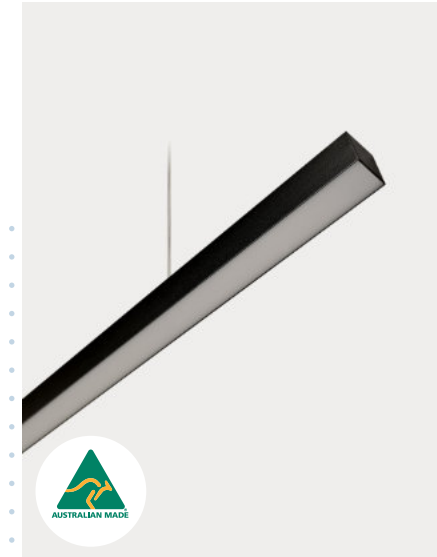

# Linear 30

**CONTESSA**  
bespoke lighting design

## Linear 30

### Physical Characteristics:

**Profile:**  
30mm W x 32mm H

**Length:**  
Custom lengths up to 3 meters in powdercoat or 2.9m in premium finishes then a join or junction is required.

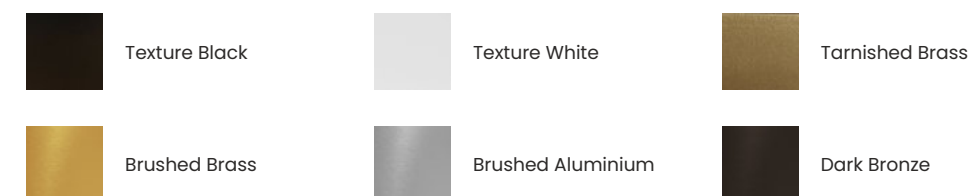

**Mounting:**  
See below - *Suspension positions;*

- 1 - 2m length = 200mm from each end
- 2.1 - 3m length = 300mm from each end

*Wire positions can be customised.*

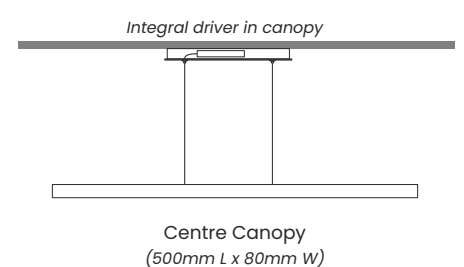

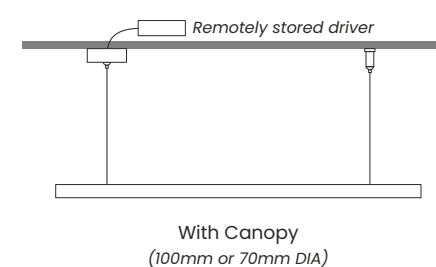

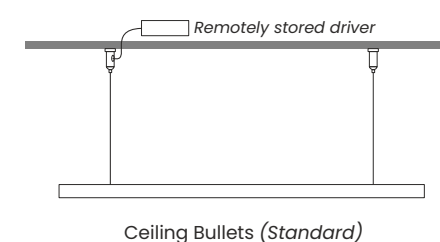

**Junctions:**  
L, T & Straight joins available.

### Finishes:

*These finishes won't work with your colour scheme? Specify your own.*

### Mounting options:

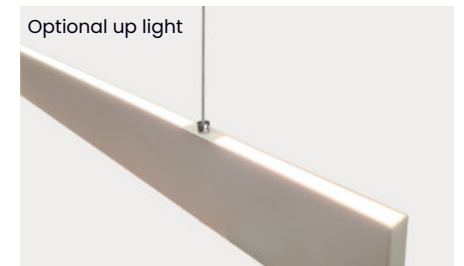

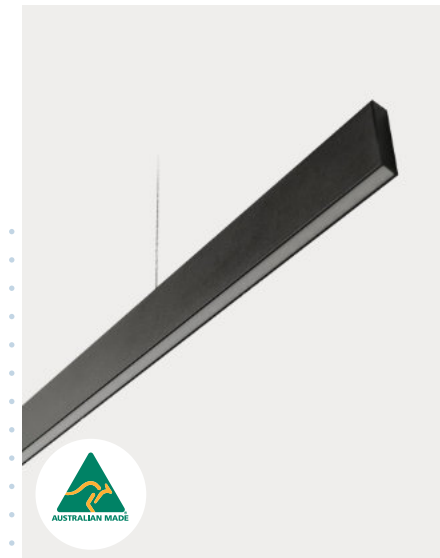

# Linear 90

**CONTESSA**  
bespoke lighting design

## Linear 90

### Physical Characteristics:

**Profile:**  
20mm W x 90mm H

**Length:**  
Custom lengths up to 3 meters in powdercoat or 2.9m in premium finishes then a join or junction is required.

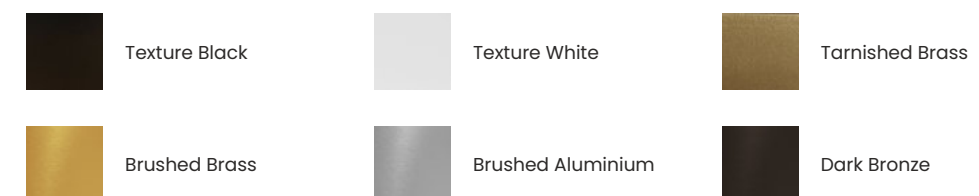

**Mounting:**  
See below – *Suspension positions;*

- 1 – 2m length = 200mm from each end
- 2.1 – 3m length = 300mm from each end

*Wire positions can be customised.*

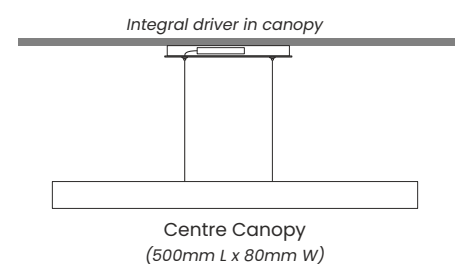

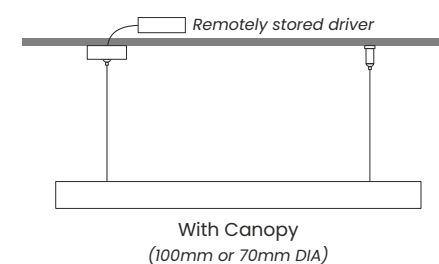

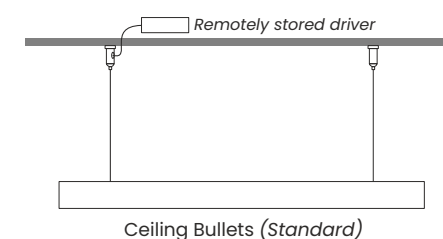

**Junctions:**  
L, T & Straight joins available.

### Finishes:

*These finishes won't work with your colour scheme? Specify your own.*

### Mounting options:

### Electrical Configuration:

**Power Options:**

- 11 Watts / meter (Standard)
- 16 Watts / meter (High output)
- 11 Watts / meter (Up)

**IP Rating:**  
IP20 – For indoor use only. Should not be used in wet areas.

**Control gear:**  
24V Constant voltage LED Driver

**Dimming options:**

- Phase cut included
- SwitchDIM optional
- DALI optional

### Photometrics:

**Lumen packages:**

- 11W = 1800 Lm/m (Down)
- 16W = 2500 Lm/m (Down)
- 11W = 1200 Lm/m (Up)

**LED type:**  
Tridonic LED flex light engine

**CRI:**  
CRI 80 (CRI 90+ available)

**CCT:**  
3000K or 4000K

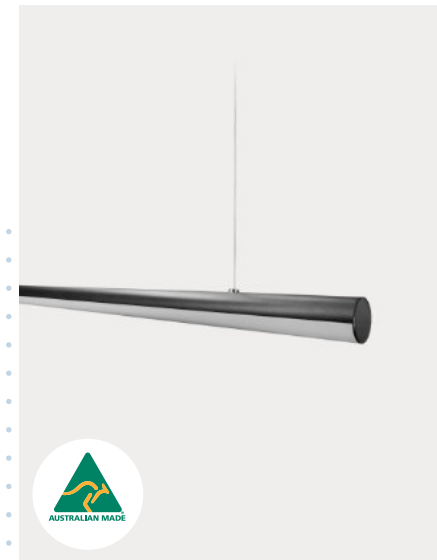

**Distribution:**  
100° direct & in-direct. Diffused

# Dowel 40

CONTESSA  
bespoke lighting design

# Dowel 40

2 in 1 Suspension No extra power cable

Slimline mounts

Screwless end caps

Optional timber ends

## Physical Characteristics:

**Profile:**  
40mm Diameter

**Length:**  
Custom lengths up to 2.5 meters in powdercoat or 2.4m in premium finishes then a join or junction is required.

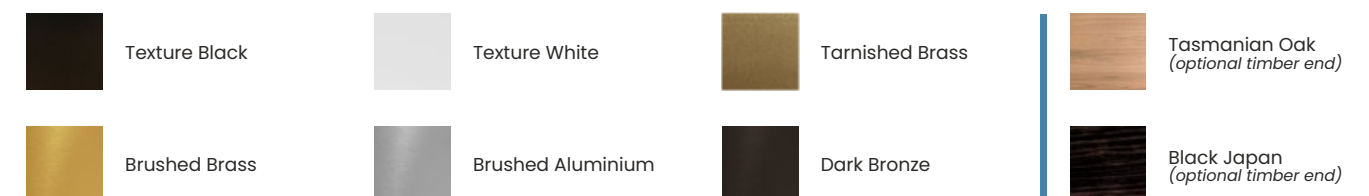

**Mounting:**  
See below - *Suspension positions;*

- 1 - 2m length = 200mm from each end
- 2.1 - 2.5m length = 300mm from each end

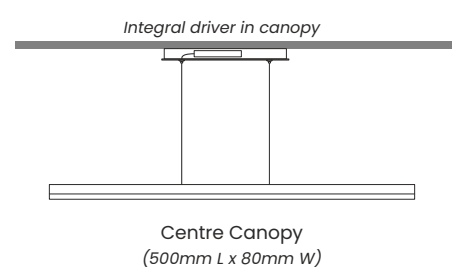

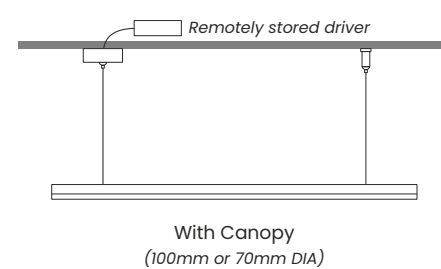

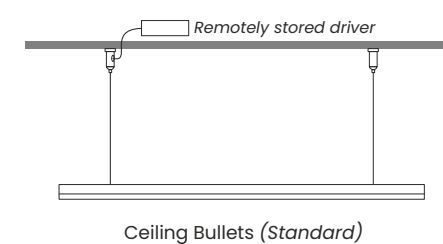

*Wire positions can be customised.*

**Junctions:**  
Straight joins available.

## Finishes:

## Mounting options:

## Electrical Configuration:

**Power Options:**

- 11 Watts / meter (Standard)
- 16 Watts / meter (High output)

**IP Rating:**  
IP20 - For indoor use only. Should not be used in wet areas.

**Control gear:**

CRI 80 (CRI 90+ available)

**CCT:**  
3000K or 4000K

**Distribution:**  
180° direct. Diffused

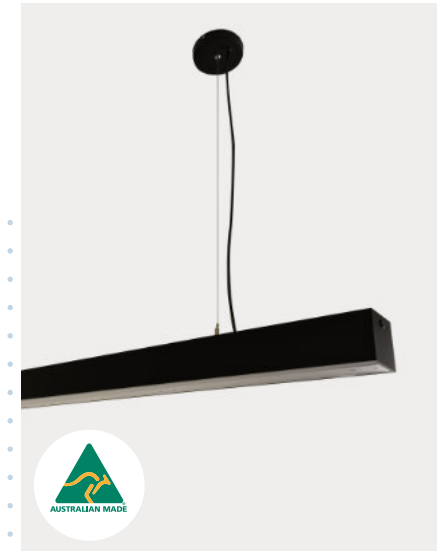

# Linear 80

CONTESSA  
bespoke lighting design

## Linear 80

### Physical Characteristics:

**Profile:**  
70mm W x 80mm H

**Lengths:**  
Continuous lengths up to 3600mm then straight join or junction required.

**Mounting:**  
See below - *Suspension positions;*

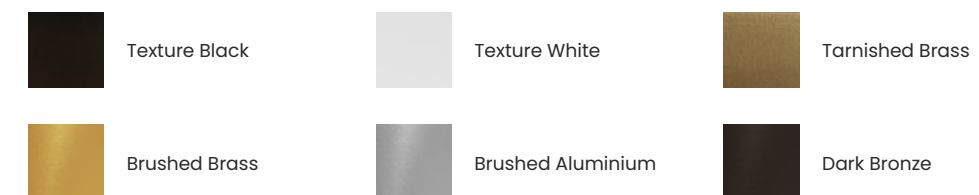

- >2000mm = 200mm from each end
- 2100mm+ = 300mm from each end

*Wire positions can be customised.*

**Diffuser:**  
Opal PMMA

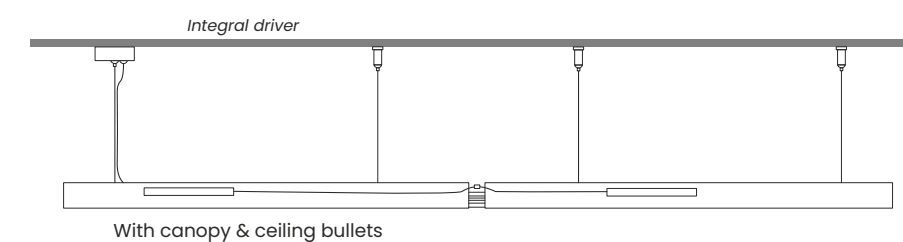

**Junctions:**  
L, T, X & Straight no light leakage joins available.

### Finishes:

*These finishes wont work with your colour scheme? Specify your own.*

### Mounting options:

### Electrical Configuration:

**Power Options:**

- 15 Watts /m
- 17 Watts /m
- 22 Watts /m
- 32 Watts /m

**IP Rating:**  
IP20 - For indoor use only. Should not be used in wet areas.

**Control gear:**  
Tridonic Constant current LED Driver

**Dimming options:**

- SwitchDIM
- DALI
- 1-10V

### Photometrics:

**Lumen packages:**

- 15W = 1900 Lm/m
- 17W = 2200 Lm/m
- 22W = 2820 Lm/m
- 32W = 4100 Lm/m

*Note. Lumen package can be adjusted as required.*

**LED type:**  
Tridonic LED PCB light engine

**CRI:**  
CRI 80 (CRI 90+ available)

Quality, Quality Quality. It is essential to the success of our business and retaining you as our A grade client. We Guarantee the Quality of our bespoke products by offering up to 3 years warranty.

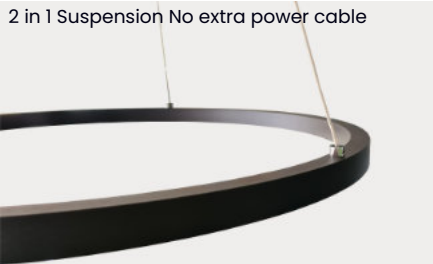

## Pendants

# Saturn Nimbus

### Physical Characteristics:

Profile:  
20mm W x 25mm H

#### Diameters:

- 450mm
- 600mm
- 800mm
- 1000mm
- 1200mm
- 1500mm

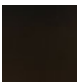

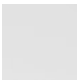

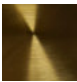

#### Mounting options:

- 3 x Wire suspended back to canopy (BTC) 3.0m cable, canopy 240x50mm
- 3 x Wire suspended direct to ceiling (DTC) 3.0m cable (remote driver)

#### Tier options:

Single tier nimbus pendants can be combined to create multi-tier pendants.

### Finishes:

-  Texture Black
-  Texture White
-  Brushed Gold  
(450, 600 & 800mm only)
-  Brushed Nickel  
(450, 600 & 800mm only)
-  Tarnished Brass  
(Available in all sizes & finished to order)

### Electrical Configuration:

#### Power:

- 450mm = 24 Watts
- 600mm = 36 Watts
- 800mm = 42 Watts
- 1000mm = 60 Watts
- 1200mm = 65 Watts
- 1500mm = 70 Watts

#### IP Rating:

IP20 – For indoor use only. Should not be used in wet areas.

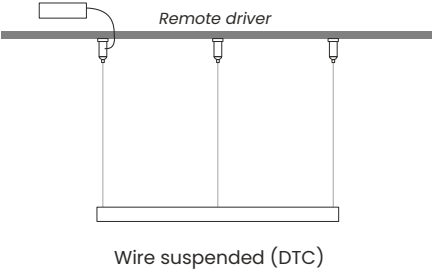

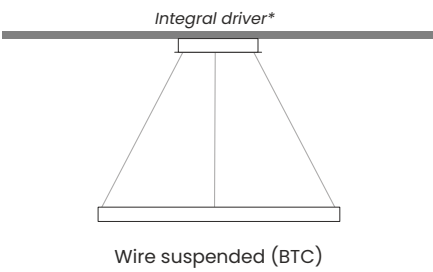

#### Control gear:

Constant current LED Driver

#### Dimming options:

- Phase cut included (450, 600 & 800 only)
- 1-10 Volt (1000 +)
- DALI optional
- SwitchDIM

### Mounting options:

*These finishes wont work with your colour scheme? Specify your own.*

### Photometrics:

#### Lumen packages:

- 24W = 1750 Lumens
- 36W = 2600 Lumens
- 42W = 2984 Lumens
- 60W = 3300 Lumens
- 65W = 4000 Lumens
- 70W = 5100 Lumens

#### LED type:

LED PCB light engine

#### CRI:

CRI 80

#### CCT:

3000K, 4000K

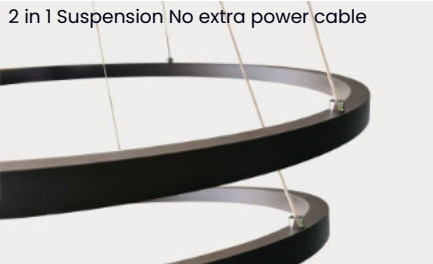

#### Distribution:

120° direct. Diffused  
(Indirect light output available)

# Nimbus Tiered

### Physical Characteristics:

Profile:  
20mm W x 25mm H

#### Diameters:

- 450mm
- 600mm
- 800mm
- 1000mm
- 1200mm
- 1500mm

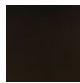

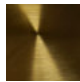

#### Tier mounting options:

- Wire suspended back to canopy (BTC)  
3.0m cable, canopy 240x50mm
- Wire suspended direct to ceiling (DTC)  
3.0m cable (remotely stored driver)

#### Tier options:

Add any of the single tier pendants listed above to create your own multi-tier pendant.

### Finishes:

-  Texture Black
-  Texture White
-  Brushed Gold  
(450, 600 & 800mm only)
-  Brushed Nickel  
(450, 600 & 800mm only)
-  Tarnished Brass  
(Available in all sizes & finished to order)

### Electrical Configuration:

#### Power:

- 450mm = 24 Watts
- 600mm = 36 Watts
- 800mm = 42 Watts
- 1000mm = 60 Watts
- 1200mm = 65 Watts
- 1500mm = 70 Watts

#### IP Rating:

IP20 - For indoor use only. Should not be used in wet areas.

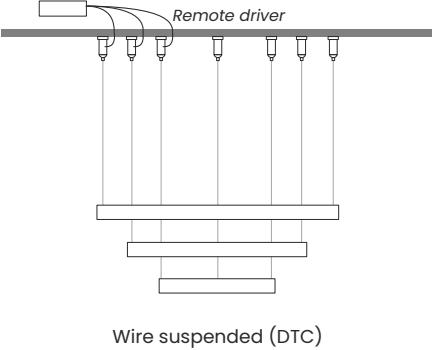

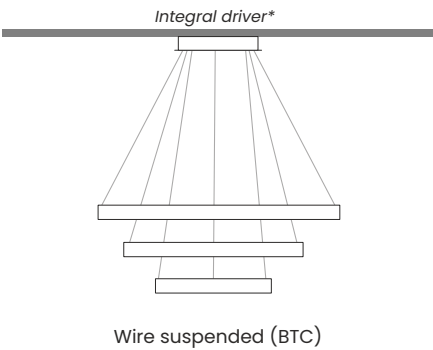

#### Control gear:

Constant current LED Driver

#### Dimming options:

- Phase cut included (450, 600 & 800 only)
- 1-10 Volt (1000 +)
- DALI optional
- SwitchDIM

### Mounting options:

Multiple Nimbus rings can be combined to create tiered pendants of up to 7 tiers. Contact your sales representative for more information.

# Ring Pendants

# Bespoke Drum

### Physical Characteristics:

Dimensions:  
Shade size can be adjusted to suit client requirements.

Popular dimensions;

- 400x400x300mm H
- 600x600x300mm H
- 800x800x350mm H
- 1000x1000x350mm H
- 1200x1200x400mm H

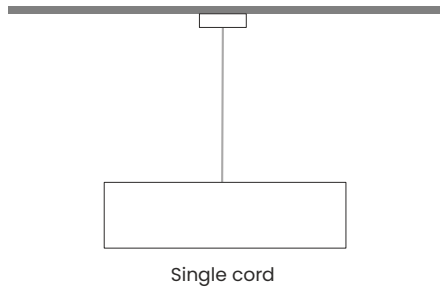

#### Mounting:

- Single cord suspension 1.5m, canopy 100x25mm (only up to 650mm)
- 3 Wire + power flex suspension 1.5m, canopy 120x25mm (back to canopy BTC)
- 3 Wire + power flex suspension 1.5m, canopy 120x25mm (direct to ceiling DTC)
- Rod Suspension (fixed custom lengths in black, white or satin nickel rod)

#### Diffusers:

- Opal acrylic matt diffusers
- Full base (no interior lining)
  - Floating (flush at base with 1" gap from edge of shade)
  - Recessed (diffuser recessed up inside shade with internal lining)

### Mounting options:

### Electrical Configuration:

#### Typical power:

- 1 Light = 9 Watts
- 2 Light = 18 Watts
- 3 Light = 27 Watts
- 4 Light = 36 Watts
- LED Panel = 40 Watts

#### Control gear:

240V E27 or CC Driver for LED panel

#### Dimming options:

Use dimmable globes or,  
Phase cut, switchdim or DALI with LED panel.

### Photometric's:

#### Typical lumens:

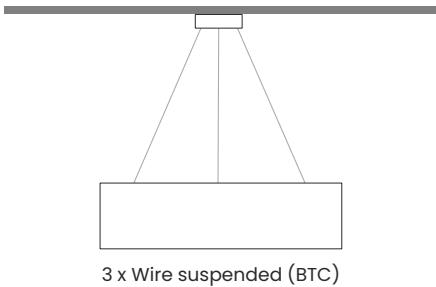

- 9 Watts = 850 Lumens
- 18 Watts = 1700 Lumens
- 27 Watts = 2550 Lumens
- 36 Watts = 3400 Lumens
- LED Panel = 4020 Lumens

#### CCT:

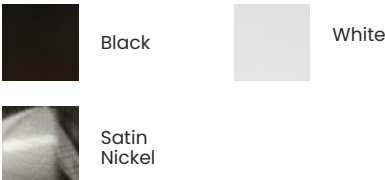

3000K or 4000K

#### Distribution:

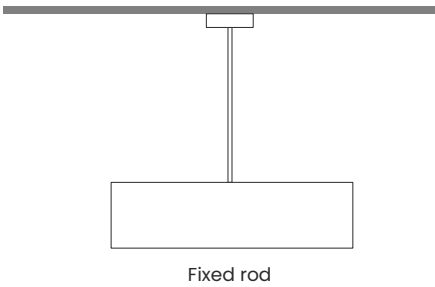

Direct & indirect - 360° Diffused.

### Metal-ware finishes:

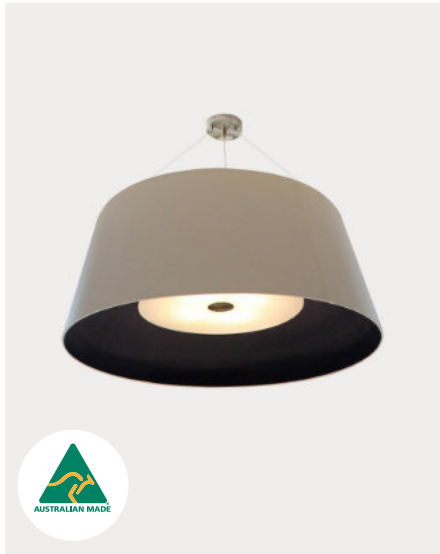

Exterior & interior lining materials can be selected from Contessa's designer fabric range or the client can supply their own.

## Custom Shades

Our purpose built state of the art manufacturing facility in Wollongong NSW produces our custom linear LED systems, Tube pendants, lampshades and bespoke fabric pendants amongst others.

We are always progressing to become a 100% Australian Made lighting supplier.

## Physical Characteristics:

Any profiles listed below can be manufactured using standard or any size combinations. Pendant & shade diagrams are a guide to assist in shape selection. If no profiles listed below fit your design planning, please submit a design concept to our sales team for appraisal at [sales@contessalighting.com.au](mailto:sales@contessalighting.com.au).

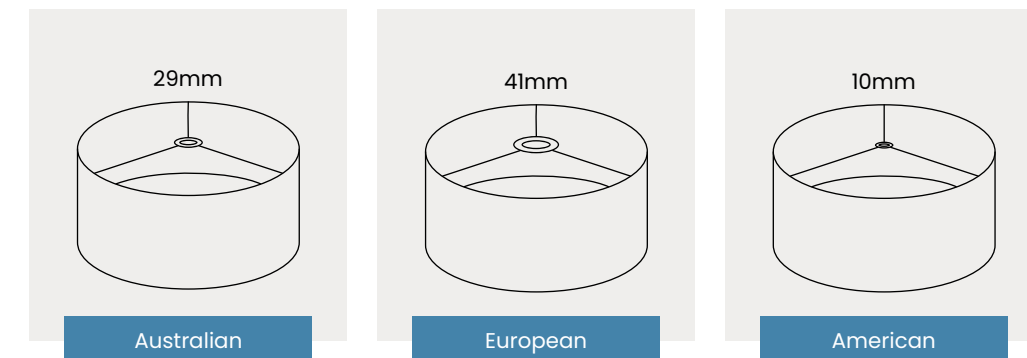

## Finshes:

Contessa has a comprehensive range of materials for bespoke products. These include fabrics, metallic plastics, parchments and wallpapers. Materials can also be specified from most fabric houses in Australia or New Zeland.

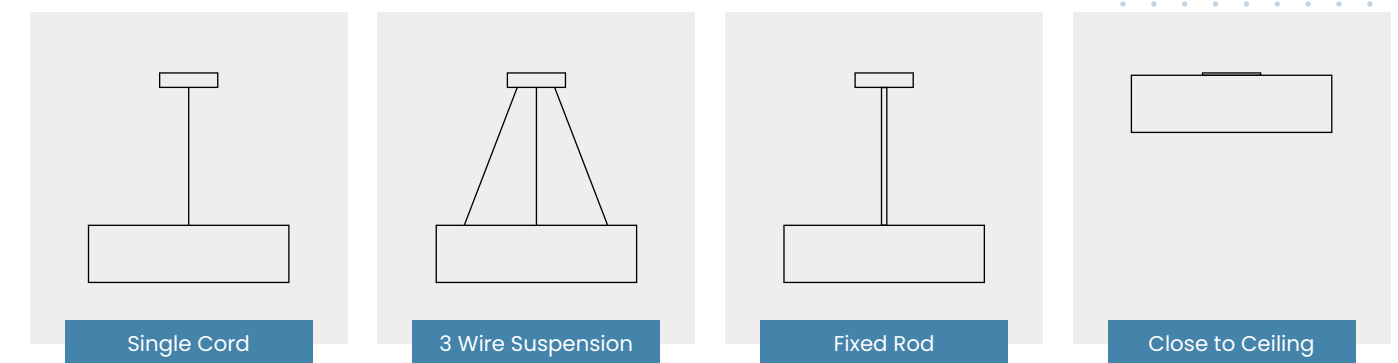

## Ring Sizes:

There are currently three ring types available, standard Australian fit, American finial fit and European fit. A combination of ring types can be used in shades (e.g Australian base fit with finial top fit).

## Convert Shades to Pendants:

Single clear flex can be used as a suspension system on pendants up to 30" (760mm) in diameter. Any size combination over 30" need stainless wires as support or specify a rod system.

Clear flex & stainless aircraft wire can be used as a suspension system on any size pendant. There are two versions of this system Back to Canopy (BTC) or Direct to Ceiling (DTC).

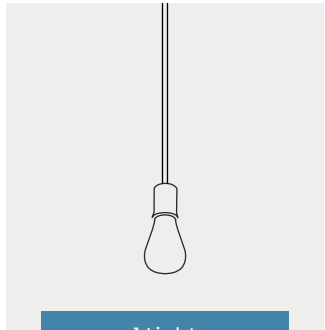

Fixed rods are entirely custom made to order. To specify a fixed rod, work out the total drop from the ceiling to where the base of the shade should sit and we will do the rest.

Close to ceiling pendants are a surface mounted pendant. The pendants can be installed hard on the ceiling or with a shadowline.

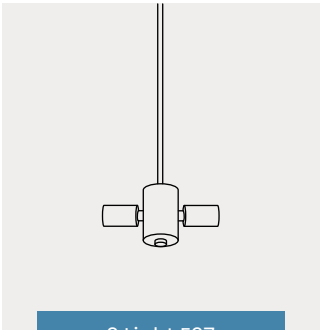

Electrical Configuration:

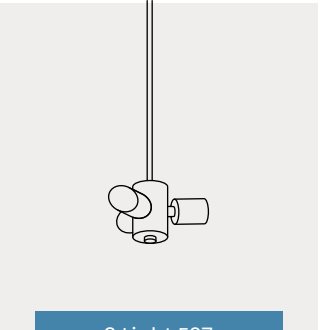

Below are the options currently available for complete light pendants. All options can be customised to specification subject to the shape of the pendant selected.

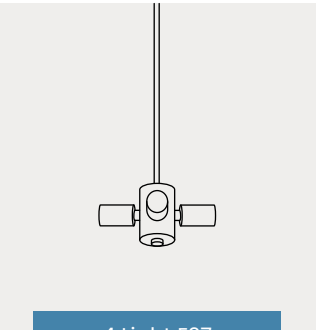

1 Light

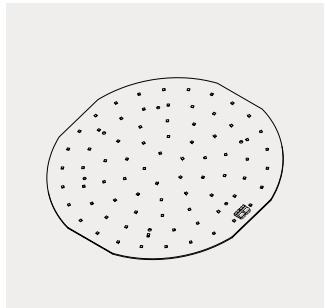

2 Light E27

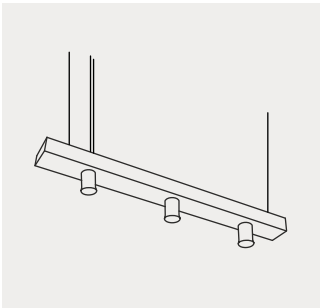

3 Light E27

4 Light E27

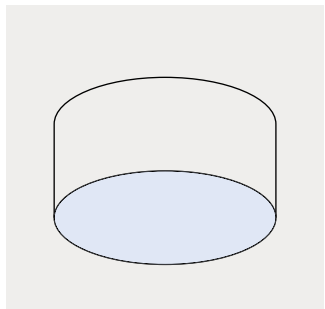

LED Panels

Bar Light

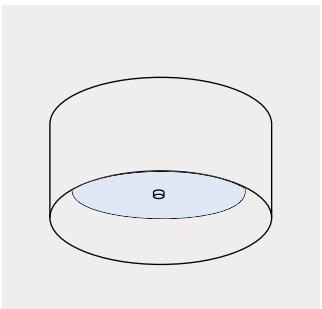

Diffusers:

Contessa diffusers are predominantly opal acrylic with a matt or gloss finish. Fabric or parchment diffusers can be manufactured as full base diffusers only.

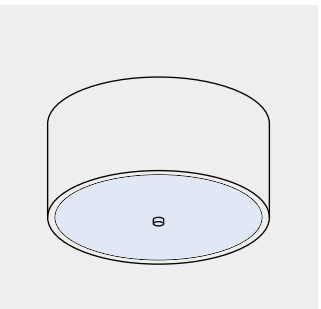

Full Base

Full base diffusers sit in the internal shade ring. These diffusers can be acrylic, fabric or parchment. Full diffusers are not available with tapered shades.

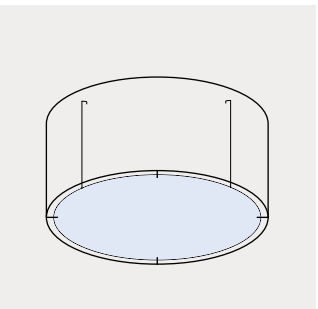

Recessed

Recessed diffusers are used when an internal lining is applied to the shade. A centre finial holds the diffuser in place. The recessed height can be customised. Can only be used with acrylic diffusers.

Floating

Floating diffuser is a term used for a near full diffuser that is only slightly recessed and has a 1" gap from the sides of the shade. Can only be used with acrylic diffusers. A centre finial holds the diffuser in place.

With Feet or Hooks

Diffusers that sit on frame feet can be used when there is no light hub to attach the diffuser to or when using with a tapered conic shape shade. Diffusers hooks that mount to the top frame are also an option where feet are not desired.
