## PRODUCT CARE

Contessa Acoustic pendants require the attention and care that you would apply to furniture or other soft furnishings decorations to keep the pendants safe and clean.

Remove spills immediately using a damp clean cloth. Dab the acoustic material with clean, soft white cloth dampened with a mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth. To clean dust off the pendant, gently vacuum off the dust using the soft brush attachment to a vacuum cleaner.

Scotch Guard can be used on shades providing it is not used excessively. Note Scotch Guard type products can change the colour tone of material. We will not replace free of charge any shade damaged from Scotch Guard or any equivalent product.

To maintain the appearance of pendant shades, regular dusting and care is important. Care should be taken not to subject fabric pendants to intense heat or naked flame.

Fabric pendants are intended and designed for internal use only.
